

DAVID R. PAULGER

Engineering Technician

EXPERIENCE

2/12 – Present **Engineering Technician**, White Mountain Survey and Engineering, Inc.,
Ossipee, NH

1989 – 2/12 **Engineering Technician**, White Mountain Survey Co., Inc., Ossipee, NH

Design septic systems, stormwater management systems, shoreland protection, finish grading, roads, driveways, and sanitary sewer systems. Prepare permit applications for alteration of terrain, wetland dredge/fill, shoreland protection, and site plan review. Work with field crew performing boundary, detail, and topographic surveys (February 2012 corporation name was changed).

1979 – 1989 **Design Draftsman**, Phillips Engineering, West Ossipee, NH

Design septic systems, concrete footings and walls, timber frames, drainage systems, finish grading, roads, and sewers. Perform construction inspections, check shop drawings, and provide cost estimates.

EDUCATION

1978 B.S.E.T. Honors, Architectural Engineering Technology, Wentworth
Institute of Technology, Boston, MA

1976 A.A.S. Architectural Engineering Technology, Vermont Technical College,
Randolph Center, Vermont
